Eurasia Door, Eurasia Glass, and Eurasia Window Fairs: The Center of the Construction Industry Supply Chain

Organized by RX Tüyap in collaboration with the Window and Door Sector Association (PÜKAD), Window Producers Quality League Association (PÜKAB), and Entrepreneur Aluminum Industrialists and Businesspeople Association (GALSİAD), the leading specialized fairs in Eurasia, Eurasia Door, Eurasia Glass, and Eurasia Window Fairs, set to visitors at the Tüyap Fair and Congress Center in Istanbul from November 16 to 19, 2024.

These trade fairs, which play a crucial role as a supply center for the construction industry, with the distinction of being the second largest trade event in the world and the largest in the Eurasian region, bring together leading manufacturing companies with buyers from a wide region, particularly Europe, the Middle East, Central Asia, as well as North Africa. On the other hand, exhibiting companies can launch new products and establish new business collaborations during the fair.

3 Fairs Under One Roof!

Simultaneously organized, the 25th Eurasia Window, 16th Eurasia Door, and 14th Eurasia Glass Fairs present complementary solutions of the three industries under one roof, offering a wide range of products. Visitors will have the chance to explore the products and solutions of hundreds of exhibiting companies firsthand, creating new business connections and meeting potential suppliers.

Tailored Made Solutions for All Needs Await Fair Visitors

At the 25th edition of the Eurasia Window Fair, visitors will meet with the most suitable and reliable suppliers and brands representing thousands of products. The fair will showcase window products, window profiles and processing solutions, window mechanisms, profile processing and window manufacturing machines, auxiliary equipment, window systems, shutters, complementary products, raw materials, facade and insulation systems, and an Aluminum Special Section that include aluminum windows, profiles, facade systems, aluminum accessories, and production machinery. In addition to that in the Shading Special Section, exhibitors will exhibit their products in the areas of roller blinds, tents, awnings, gazebos, and winter garden systems for four days.

At the 16th Eurasia Door Fair, door products, PVC, shutters, panels, partitions, door accessories, and door technology manufacturers will introduce their products and services to the fairgoers. The 14th Eurasia Glass Fair will bring together industry professionals with glass products and applications, production-processing technologies, and machines, as well as complementary products and chemicals.

Record Participation in 2023

In 2023, the fairs, broke a record with the participation of 620 companies and company representatives in the entire 120,000 square meters of exhibition space, hosted a total of 56,398 industry professionals, including 12,988 international visitors from 122 countries and 43,419 visitors from Türkiye. Berkan Öner, General Manager of RX Tüyap, noted that this record interest reflects the magnificence of the industry.

"Eurasia Door, Glass, and Window Fairs: Supply Center for the Construction Industry"

Continuing to emphasize the importance of the fairs for the construction industry, Mr. Öner stated, "Eurasia Door, Eurasia Window, and Eurasia Glass Fairs undertake the role of a comprehensive business hub for domestic and international companies, bringing together three industries. Especially due to their contributions to the supply chain in the construction industry, our trade shows hold a significant position in the global trade volume of all three industries. Türkiye is known as one of the leading countries in the world in the door, glass, and window sectors. As RX Tüyap we are working tirelessly to consolidate this strong position and contribute to these industries' global goals. We have already started preparations for our next events on November 16-19. Our aim and belief are that we will close our fairs with record visitor numbers and a high trade volume."

Free Fair Tickets!

For those who want to experience the newest products, technologies, and services on-site, tickets for all three fairs are free of charge until August 16, 2024. It is possible to visit all three fairs with a single ticket obtained from the fairs' websites at eurasiadoorfair.com, eurasiawindowfair.com and eurasiaglassfair.com.
